“ We used to not know what happened to our clients after referring them (to other agencies), now we get feedbacks so it's easier for us. ”

“ More and more people are coming out to our monthly events. We even had two grandparents came out last time. ”

Network Growth

Fall 2018 Network Map

Fall 2019 Network Map

The average number of connections increased from 5.44 to 8 for each partnered agency. The mean level of collaboration increased from 2.69 to 3 on a 0-5 scale. This indicates increased strength of community partnerships.
