SKILLS & SUBJECT AREA EXPERTISE

Christy Altidor (she/her) is a public health practitioner with a strong background in adolescent sexual and reproductive health, maternal health, and STI and HIV prevention. She has extensive experience providing training and technical assistance, capacity building, and project management. Christy is dedicated to making sure young people have the care, support, and resources necessary to thrive.

EDUCATION

THE UNIVERSITY OF SOUTH FLORIDA, TAMPA, FL

Master of Public Health, 2019

- Concentration: Maternal and Child Health

THE UNIVERSITY OF CENTRAL FLORIDA, ORLANDO, FL

Bachelor of Science, Health Services Administration, 2014

PROFESSIONAL EXPERIENCE

SENIOR MANAGER, INNOVATION AND RESEARCH

HEALTHY TEEN NETWORK, BALTIMORE, MD

2025 - PRESENT

Manage the In/Tend Innovation Incubator Hub focused on advancing innovative approaches that support adolescent well-being. Lead day-to-day project management, partner engagement, research activities, and cross-functional collaboration. Coordinate contracts and administrative processes for Innovation Development Teams, co-facilitate virtual learning events, lead grant reporting and project documentation, oversee project deliverables and timelines, and develop tools and resources that support innovation and collaborative learning.

DIRECTOR, ADOLESCENT HEALTH

NATIONAL COALITION OF STD DIRECTORS (NCSD), WASHINGTON, DC

2020 - 2025

Led national public health initiatives focused on adolescent well-being through program leadership, policy analysis, technical assistance, strategic partnerships, and workforce development. Provided organizational leadership, supervised staff, developed training and resource materials, represented the organization in national collaborations and policy discussions, and supported evidence-informed strategies to strengthen programs and services across state and local systems.

- Managed adolescent health grant-funded projects of \$1.6 million for implementation of adolescent health policy and practice development, evaluation, and coordination, ensuring that deliverables under CDC Division of Adolescent and School Health (DASH) grants are met.

PROGRAM SUPERVISOR, STD PROGRAM

FLORIDA DEPARTMENT OF HEALTH, TAMPA, FL
2017 – 2020

Provided operational leadership, staff supervision, and program management for public health initiatives at the local and state levels. Managed personnel, supported communicable disease response efforts, conducted data analysis and case investigations, and contributed to strategic planning, policy development, technical assistance, and systems improvement to strengthen public health programs and service delivery.

- Co-developed and co-presented Hillsborough County DIS Training Guide at STD Engage 2019 in Washington, DC.

DISEASE INTERVENTION SPECIALIST, STD PROGRAM

FLORIDA DEPARTMENT OF HEALTH, ORLANDO, FL
2016 – 2027

Conducted community-based field investigations, client outreach, and case follow-up to support public health initiatives. Provided counseling, coordinated referrals, maintained accurate records, and collaborated with local, state, and federal partners to support program implementation, data collection, and continuity of care.
