- SHARP

"This training has been great, and I feel confident in being able to deliver this curriculum and even apply it to the other work I do with teens."
- Training Participant

MASTER THE ART OF TRAINING

BE A BETTER TRAINER TRAINING DESIGN ADULT LEARNING PRINCIPLES

Could your face-to-face training skills could use a face lift?

Learn how to craft a design that keeps learners engaged and build skills they will remember how to use after they leave your training. Discover new ways to manage situations that test your facilitation skills, including difficult learner behaviors.

SERVING YOUNG PARENTS: COMMUNICATION & CO-PARENTING STRATEGIES

CO-PARENTING ENGAGING YOUNG MEN HEALTHY RELATIONSHIPS

Communicate more effectively with young parents, support co-parenting efforts, and engage fathers in programming. Learn about the unique challenges adolescents and young adults face in supporting their children and specific strategies to help them overcome these challenges.

EVIDENCE-BASED PROGRAMS & CURRICULA

We are the only national training provider for Power Through Choices, the proven effective sexual health program for youth involved in foster care, juvenile justice, and other out-of-home settings (www.PowerThroughChoices.org).

We can help you build buy in for evidence-based programs, select the program that fits your needs, prepare your health educators to deliver the program...and everything else along the way to implement programs with quality and fidelity.
